# This is a 2-week home study focused on...

- 1. Understanding self-awareness and self-management as it relates to physical activity, goal setting, and stress management
- 2. Exploring personal thoughts and emotions as they relate to physical activity and examine how these thoughts affect our behaviors and routines
- 3. Achieving personal activity goals aimed at reducing stress and boosting our body's ability to fight disease

# There are 3 components to this journal.

- ✓ First, you will complete daily activity challenges designed to prepare our minds for optimal performance and creativity.
- ✓ Second, you will use Tabata-style activity intervals and/or dance breaks to help you progress toward a daily physical activity goal of 60 minutes of moderate to vigorous physical activity.
- ✓ Third, you will complete short journaling exercises focused on developing social and emotional competencies.

#### Your 2-week SMART goals.

A SMART goal is Specific, Measurable, Achievable, Realistic, and Time-bound.

- o **SMART GOAL 1:** During the next two weeks, I will be physically active for at least 60 minutes per day for a minimum of 12 of 14 days. I will track my activity using the activity log provided in this journal.
- o **SMART GOAL 2:** During the next two weeks, I will complete all of the writing prompts included in this journal. Each prompt will help me explore physical and emotional well-being concepts.

# **Physical Activity Log**

Use the activity log to track your progress. Remember, activity minutes add up. It's okay to break your total activity into smaller chunks of movement.

#### **TABATA Time!**

#### What is Tabata Training?

- ✓ Tabata training was created by a Japanese scientist named Dr. Izumi Tabata.
- ✓ True Tabata workouts combine 20 seconds of vigorous activity with 10 seconds of rest in between each set.
- ✓ We may adjust our timing and intensity throughout the module, but it's important to understand the history behind our workouts.
- ✓ Dr. Tabata's research showed that even 4-minute workouts using his timing formula can have positive results on a person's overall fitness.

We'll focus on 2 types of Tabata activity routines - One and Done, and Double or Nothing. Then, you can use the blank routine chart to create your own workout.

#### One and Done

This format is called "one & done" because each exercise is only done 1 time during the routine.

Set #	Exercise Name	Interval Start

7	Jog in Place with High Knees (20 seconds)	3:00
	Rest 10 seconds	
8	Plank Arm Raises (20 seconds)	3:30

# Double or Nothing

This format is "Double or Nothing" because each exercise is done twice in a row.

Set #	Exercise Name	Interval Start
